Report on the Financial Statements

We have audited the accompanying financial statements of KAET-TV (A Department of Arizona State University), which comprise the statements of net position as of June 30, 2014 and 2013, and the related statements of revenues, expenses and changes in net position, and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of KAET-TV as of June 30, 2014 and 2013, and the changes in its financial position and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters*Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management discussion and analysis on pages 3 through 10 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming an opinion on the basic financial statements of KAET-TV. The accompanying supplementary information listed in the table of contents is presented for purposes of additional analysis and is not a required part of the basic financial statements. The accompanying supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audits of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the accompanying supplementary information listed in the table of contents is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2014 AND 2013

Introduction

The following Management's Discussion and Analysis (MD&A) provides an overview of the financial position and activities of KAET-TV (the "Station"), a Department of Arizona State University (the "University"), and is designed to assist in the understanding of the accompanying financial statements for the years ended June 30, 2014 and 2013.

These financial statements were prepared in accordance with reporting guidelines of the Corporation for Public Broadcasting (CPB) and Governmental Accounting Standards Board (GASB) principles as they apply to public colleges and universities. The guidelines provide a condensed perspective of the Station's assets, liabilities, net position, revenues, expenses, and cash flows.

This discussion has been prepared by management and should be read in conjunction with the financial statements and the accompanying notes, which follow this section.

Statement of Net Position

The Statement of Net Position presents the financial position of KAET-TV at the end of the fiscal year and includes all assets and liabilities of the Station. Assets are what the Station owns and are generally measured in current value, except for property and equipment, which are recorded at historical cost less accumulated depreciation. Assets are categorized as either current or non-current. Current assets are generally considered to be convertible to cash within one year. Current liabilities are obligations that will be paid within one year of the statement date. The difference between total assets and total liabilities, referred to as net position, is one indicator of the financial condition of the Station.

A summarized comparison of KAET-TV's assets, liabilities, and net position at June 30, 2014, 2013 and 2012 follows:

| | <u>2014</u> | <u>2013</u> | <u>2012</u> |

MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2014 AND 2013

Statement of Net Position (Continued)

The Station's net position decreased by approximately \$0.4 million, or 14% for 2014, primarily due to an increase in cash and cash equivalents of \$0.3 million, an increase in split interest agreements of \$0.4 million, offset by a decrease in grants, pledges and other receivables of \$0.6 million, a decrease in prepaid expenses of \$0.2 million, a decrease in capital assets of \$0.9 million due to depreciation, and a decrease in equipment loan by \$0.6 million.

The Station's net position decreased by approximately \$1.6 million, or 37% for 2013, primarily due to a decrease in cash and cash equivalents of \$0.5 million, a decrease in grants, pledges and other receivables of \$0.6 million, a decrease in capital assets of \$1.1 million due to depreciation, and a decrease in equipment loan by \$0.6 million.

During 2014, the Station's current liabilities decreased by \$230,000. Accounts payable decreased by \$90,000, amounts due to ASU Foundation decreased by \$150,000, unearned revenue decreased by \$20,000 and current maturities of note payable increased by \$20,000.

During 2013, the Station's current liabilities decreased by \$20,000. Amounts due to ASU Foundation increased by \$150,000 and unearned revenue decreased by \$220,000.

Statement of Revenues, Expenses and Changes in Net Position

Activities are reported as either operating or non-operating. Operating revenues generally represent educational service grants and corporate underwriting grants. Operating expenses are incurred in the normal operations of the Station. Included in operating expenses is a provision for depreciation on property and equipment. The difference between the two generally results in an operating loss. Most University Licensee's, including KAET-TV, will normally have an operating loss since significant recurring revenues, such as University support, and donor gifts are required by the CPB and accounting principles generally accepted in the United States of America, to be shown as non-operating revenues.

Operating revenues and expenses

KAET-TV's operating revenues increased by \$0.5 million, or 27%, in fiscal year 2014. The increase is comprised of a \$0.2 million increase in Grants and Contracts and a \$0.3 million increase in Program Underwriting.

KAET-TV's operating revenues decreased by \$0.4 million, or 19%, in fiscal year 2013. The decrease is comprised of a \$0.3 million decrease in Grants and Contracts and a \$0.1 million decrease in Program Underwriting.

Operating expenses increased by \$0.6 million, or 4%, in fiscal year 2014. The Station increased indirect administrative support expenditures by \$0.4 million, increased other operations expense by \$0.1 million, increased program licenses and dues by \$0.1 million, increased supplies expenditures by \$0.2 million, decreased professional fees and services by \$0.1 million, and decreased depreciation expense by \$0.1 million.

Operating expenses increased by \$0.2 million, or 2%, in fiscal year 2013. The Station decreased salary related expenditures by \$0.1 million, decreased program licenses and dues by \$0.2 million, and decreased supplies expenditures by \$0.1 million, and increased professional fees and services by \$0.5 million, and increased rentals expenditures by \$0.1 million

Non-operating revenues and expenses

Non-operating revenues for the Station increased by \$1.3 million, or 12%, in fiscal 2014 over fiscal year 2013. Fiscal year 2014 subscription and membership income increased by \$0.4 million, indirect administrative support from the University increased by \$0.4 million, and grants and other gifts increased by \$0.5 million.

Non-operating revenues for the Station decreased by \$1.0 million, or 8%, in fiscal 2013 over fiscal year 2012. Fiscal year 2013 subscription and membership income decreased by \$1.0 million as compared to fiscal 2012 due to a decrease in giving by \$0.2 million and the inclusion of a \$0.8 million, one time planned gift in fiscal 2012.

Statement of Cash Flows

The Statement of Cash Flows provides information about the Station's financial results by reporting the major sources and uses of cash. A summarized comparison of KAET-TV cash flows for the years ended June 30, 2014, 2013, and 2012 follows:

| | <u>2014</u> | <u>2013</u> | <u>2012</u> |

MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2014 AND 2013

Statement of Cash Flows (Continued)

In fiscal year 2014, the Station's cash increased by \$0.3 million, primarily due to the increase in the 2014 membership income, grants and other gifts.

In fiscal year 2013, the Station's cash decreased by \$0.5 million, primarily due to the decrease in the 2013 membership income.

Non-capital financing activities consist of general appropriations from Arizona State University, Grants from the Corporation for Public Broadcasting and general gifts from viewers.

Capital and Debt Analysis

As of June 30, 2014, KAET-TV had \$3.7 million in capital assets, net of accumulated depreciation. The decrease of \$0.9 million or 21% in 2014, consisted primarily of depreciation expense.

As of June 30, 2013, KAET-TV had \$4.6 million in capital assets, net of accumulated depreciation. The decrease of \$1.1 million or 19% in 2013, consisted primarily of depreciation expense.

The federally mandated Telecommunications Act of 1996 required all public television stations be able to broadcast on digital television channels by May 2003. KAET successfully met the mandate early and began broadcasting its digital signal in April 2002. KAET also met early the federal mandate for discontinuing Analog Broadcast in April 2009. Currently, the station broadcasts PBS and locally produced programs on Eight HD - Digital 8.1, broadcasts travel and how-to programs on Eight Life – Digital 8.2, and broadcasts documentary and non-fiction programs on Eight World – Digital 8.3. Selected programming includes Descriptive Video Service for the visually impaired on secondary audio channels. KAET broadcasts an additional service as Digital 8.4, which includes still images of Arizona, KBAQ-FM Classical music, and Sun Sounds reading service for the visually impaired. The digital conversion of KAET's production facilities and main transmitter on South Mountain has been completed. Six of our seven translators throughout Arizona have been converted from analog to digital operation. The next phase will include the conversion of locally produced archived content to digital formats and the conversion of the final translator to digital.

Long-Term Debt

There was no new long-term debt in the fiscal year 2014 and principal repayments totaled \$578,786 in fiscal 2014.

There was no new long-term debt in the fiscal year 2013 and principal repayments totaled \$558,675 in fiscal 2013.

The repayment terms are as follows: 8 years; 3.6% interest rate, first payment due on June 20, 2010 and every June 30, thereafter; principal and interest payments for all years; no penalty for early, full or partial payment.

MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2014 AND 2013

Economic Outlook

KAET management believes the Station is continuing to better position itself to advance its mission of serving the people of Arizona through the development and operation of public telecommunications systems and services for instructional, educational, informational, and cultural purposes.

KAET-Arizona PBS is in the business of fostering an educated, informed, cultured and civil society to advance the greatest democracy in the world. KAET is the public media enterprise of Arizona State University with over 1 million viewers each week and consistently ranks among the most-viewed public television stations per capita in the country.

Gift revenue continues to be the major source of funding for the Station supplemented by Grants from the Corporation for Public Broadcasting. CPB grants are expected to remain stable over at least the next two years via advance federal appropriations. And, with a variety of strategic fund-raising initiatives, donor contributions are expected to begin to grow again relative to the two years prior to 2014.

Arizona PBS, with more than 1 million viewers each week, is now a part of the Walter Cronkite School of Journalism and Mass Communication, continuing to provide quality PBS programming while serving as a national hub for news innovation and reinvention. Eight is the largest media organization operated by a journalism school in the world. The station had been part of ASU's Office of Public Affairs. Under Cronkite, Arizona PBS also will serve as a journalistic "teaching hospital," tapping into the talents of advanced students in journalism and other disciplines who work under the guidance of top professionals from the ASU faculty and Eight staff to provide rich, new and innovative broadcast and digital content. Eight will now enjoy greater University support and integration.

Since moving into its new digital media center on the Downtown Phoenix Campus of Arizona State University six years ago, KAET has not only enjoyed closer proximity to government and community leaders, but the location has allowed KAET to fulfill a strategic vision as a community convener, hosting (and renting) its centrally located facilities for a variety of community events in Studio A. With the relocation, KAET has moved most of the day-to-day productions (e.g. Horizon, Check Please) to Studio B, thus allowing KAET to utilize Studio A for other local productions (e.g. Arizona Spelling Bee, Academic Bowl), which allows the Station to realize two new revenue streams by renting out Studio A to clients or partnering with other community service organizations to conduct "town hall"-type events, which are occurring at an increasing rate.

Management is well aware of the challenging current economic environment and funding demands and continues to work diligently and innovatively to provide quality public media and educational services to the Arizona community.

This financial narrative is designed to provide a general overview of the Station's finances and to show accountability for the contributions received by the Station. If there are any questions about this report or a need for additional financial information, contact the Station at:

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014 AND 2013

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Station Operations

KAET-TV (the Station) is a department of and is operated by Arizona State University (the University) under a license granted by the Federal Communication Commission to the Arizona Board of Regents. The University provides facilities and other financial support to the Station. The University also acts as a collection and disbursement agent on behalf of the Station.

The financial statements of the Station include the financial activities of Arizona School Services through Educational Technology (ASSET). ASSET functions as a sub-unit of the Station. The Station and the University serve as fiscal agents for ASSET.

These financial statements present only a selected portion of the activities of the University. As such they are not intended to and do not present either the financial position, results of operations, or changes in net position of the University as a whole.

Measurement Focus, Basis of Accounting and Financial Statement Presentation

The accompanying financial statements have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units and the Financial Reporting Guidelines published by the Corporation for Public Broadcasting (CPB), unless those pronouncements conflict with the Government Accounting Standards Board (GASB) pronouncements. The GASB is the accepted standard setting body for establishing governmental accounting and financial reporting principles.

The financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. Contributions are recognized as revenue when made.

Operating Revenues and Expenses

The Station distinguishes operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from exchange or exchange-like transactions in connection with the Station's principal ongoing operations. Other revenues such as University appropriations and gifts, are not considered generated from operations and are reported as non-operating revenues and expenses.

Revenue Recognition

Federal grants, contracts and appropriations, and non-governmental grants and contracts are accounted for as exchange transactions and are recorded as operating revenue when earned. Advances in excess of costs incurred under grants and contracts are deferred and recognized as revenue when the related expense is incurred.

Revenue related to program underwriting is recognized as unrestricted non-operating revenue in the period the agreement is executed.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Use of Estimates in the Preparation of Financial Statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make a number of estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Such estimates and assumptions affect the reported amounts of revenues and expenses during the reporting period. On an ongoing basis, the Station evaluates its estimates and assumptions based upon historical experience and various other factors and circumstances. Management believes that its estimates and assumptions are reasonable in the circumstances; however, actual results may differ from these estimates under different future conditions.

Statutory and Board of Regents' Policies

Arizona Revised Statutes require that deposits of the University not covered by federal deposit insurance, be secured by government securities or by a safekeeping receipt of the institution accepting the deposit. Further policy regarding deposits is provided by the Arizona Board of Regents (ABOR). Deposits can be made only at depository banks approved by ABOR.

The Statutes do not specifically address investment policy of the universities, rather ABOR policy governs in this area. ABOR policy requires that each university arrange for the safekeeping of securities by a bank or other financial institutions approved by ABOR. The ABOR and University Investment policies applicable to University investments are consistent with the scope of the Arizona State Treasurer's authorizing statutes and investment policy. Investment of capital project funds are also governed by the financing indenture agreements.

ABOR policy addresses requirements for concentration of credit risk and interest rate risk, but neither ABOR policy nor the Statutes include any specific requirements on foreign currency risk for investments of the universities.

The State of Arizona Board of Investment provides oversight for the State of Arizona Treasurer's pools. The fair value of a participant's portion in the pool approximates the value of that participant's pool shares and the participant's shares are not identified with specific investments.

Cash and Cash Equivalents

The Station considers all highly liquid investments with an original maturity of three months or less to be cash equivalents. The University holds excess cash collected over cash disbursed for the station on demand and, accordingly, is considered cash and cash equivalents for purposes of reporting cash flows. Cash and cash equivalents on deposit with the University totaled \$257,095 and \$56,411 at June 30, 2014 and 2013, respectively.

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014 AND 2013

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Cash and Cash Equivalents (Continued)

The Arizona State University Foundation (the ASU Foundation) collects and holds cash for the Station. These amounts are due on demand and, accordingly, are considered cash and cash equivalents for purposes of reporting cash flows. Cash and cash equivalents held by the ASU Foundation totaled \$111,132 and \$30,986 at June 30, 2014 and 2013, respectively.

Investments

Investments for the Station are held by the ASU Foundation as endowments in a pooled investment fund consisting of approximately 75% equity and 25% debt securities. Amounts held by the ASU Foundation are recorded at fair value and totaled \$111,318 and \$99,193 at June 30, 2014 and 2013, respectively, and are a restricted component of net position.

Unearned Revenue

Operating funds restricted by the grantor or other outside party for particular operating purposes are deemed to be earned and reported as revenues when the Station has incurred expenditures in compliance with the specific restrictions. Unearned revenue also includes amounts received for underwriting of which acknowledgment of the underwriter on air has not been completed. Such amounts received but not yet earned are reported as unearned revenue.

Subscription and Membership Income

Subscription and membership income is recognized as income when it is received.

Capital Assets

Purchased capital assets are initially recorded at cost and donated capital assets are recorded at fair value on the date of donation. Depreciation is calculated using the straight-line method over the assets' estimated useful lives. Capital assets of furniture, vehicles and equipment are defined as assets with an initial, individual cost of more than \$5,000 and estimated useful lives ranging from 5 to 15 years. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

In-Kind Contributions and Indirect Administrative Support

In-kind contributions and indirect administrative support from the University are recorded at estimated fair values based upon methodology developed by the Corporation for Public Broadcasting as revenue and expense in the accompanying statements of revenues, expenses, and changes in net position. Administrative support from the University consists of allocated institutional and physical plant expense incurred by the University in support of the Station.

Pledges and Estates

Legally enforceable pledges and estates are recorded as receivables, net of an allowance for uncollectible pledges and estates based on past collection experience. Unless designated for use in future periods, unrestricted pledges and estates are recorded as revenue in the statements of revenues, expenses and changes in net position when made.

(A Department of Arizona State University)
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014 AND 2013

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Receivables

Receivables are stated at the amount management expects to collect. Management provides for probable uncollectible accounts through a charge to operations and an increase to a valuation allowance account based on its assessment of the current status of individual balances. Balances that are still outstanding after management has used reasonable collection efforts are written off through a decrease to the valuation allowance account and a reduction to the receivables. Management considers receivables at June 30, 2014 and 2013, to be fully collectible and, accordingly, an allowance for doubtful accounts is not deemed necessary.

Program Rights

Program rights purchased by the Station are expensed when purchased.

Expenses

When an expense is incurred that can be paid from either restricted or unrestricted resources, KAET's follows the University's policy which is to allow the department incurring the expense to determine the appropriate funding source. Factors used by departments to determine which resources to use include relative priorities of the department in accordance with the University's strategic initiatives, externally imposed matching requirements of certain restricted funds, and any pertinent lapsing provisions of the available restricted or unrestricted funding resources. Major capital purchases are many times split funded from multiple restricted and unrestricted funding sources.

Income Taxes

The University has received approval for tax-exempt status from the Internal Revenue Service and is also exempt from state income taxes. As a department of the University, the Station is not subject to corporate income taxes.

Economic Dependence

The Station is dependent upon funding from the Corporation for Public Broadcasting, the University, underwriters, and contributors.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Concentrations of Credit Risk

Cash balances are deposited with the University and ASU Foundation. Some balances are pooled with other ASU Foundation funds and commonly invested. Financial instruments that potentially subject the Station to concentrations of credit risk consist of cash deposits in bank and other financial institutions held by the University and ASU Foundation on behalf of the Station. Deposits in excess of the Federal Deposit Insurance Corporation (FDIC) insurance coverage limit of \$250,000 and the Securities Investors Protection Corporation (SIPC) of \$100,000 are exposed to loss in the event of nonperformance by the institution. At June 30, 2014 and 2013, and at times during the years then ended, those cash deposits were in excess of FDIC and SIPC insurance coverage. The University's cash on deposit in excess of insurance coverage is collateralized by the bank with government securities.

NOTE 2 DEPOSITS AND INVESTMENTS

At June 30, 2014 and 2013, the Station's deposits totaling \$368,227 and \$87,397, respectively, were held by both the University and ASU Foundation. At June 30, 2014 and 2013, the Station's investments totaling \$111,318 and \$99,193, respectively, were pooled with ASU Foundation investments. The ASU Foundation invests in U.S. Treasury, U.S. Agencies, commercial paper, corporate bonds, and equities. A summary of the University's risk policies for deposits and investments follows:

Interest Rate Risk

ABOR and University policies for the operating funds limit the final maturity of any fixed-rate security or of any variable-rate security to five years from the settlement date of the purchase. The capital projects funds portfolio is not limited as to the overall maturity of its investments, with funds invested per the financing indentures to coincide with capital spending needs and debt service requirements, which are typically less than three years, with the additional limitation that certificates of deposit and commercial paper have maximum maturities of 360 days and 270 days, respectively. The University's weighted average maturity in years ranged from one month to 2.9 years.

KAET-TV
(A Department of Arizona State University)
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014 AND 2013

NOTE 2 DEPOSITS AND INVESTMENTS (CONTINUED)

Credit Risk

With regard to credit risk, ABOR policy requires that negotiable certificates of deposit, corporate bonds, debentures and notes, bankers acceptances and State of Arizona bonds carry a minimum BBB or better rating from Standard and Poor's Rating Service or Baa or better rating from Moody's Investors Service; and that commercial paper be rated by at least two nationally recognized statistical rating organizations (NRSROs) and must be of the two highest rating categories for short-term obligations of at least two of the NRSROs. Capital projects and bond debt service funds are invested by the bond trustee in accordance with the applicable financing indenture, generally limited to United States Treasury securities and other Federal agency securities, certificates of deposit (minimum rating of P-1/A-1), commercial paper (minimum rating of P-1/A-1+), and money market funds rated AAAM or better invested in short-term debt securities.

Custodial Credit Risk – Deposits

In the case of deposits, this is the risk that in the event of bank failure, the Station's deposits may not be returned to it. University policy for its operating funds requires collateralization for all certificates of deposit and repurchase agreements. Beyond this requirement and those established by Statute or the Board, the University does not have a policy that specifically addresses custodial credit risk. As of June 30, 2014, \$111,132 of the Station's bank balances with the ASU Foundation was exposed to custodial credit risk because the amounts were not insured or collateralized. As of June 30, 2013, \$30,986 of the Station's bank balances with the ASU Foundation was exposed to custodial credit risk because the amounts were not insured or collateralized.

Custodial Credit Risk – Investments

For an investment, this is the risk that in the event of failure of the counterparty, the Station will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. University policy for its operating funds requires collateralization for all certificates of deposit and repurchase agreements. Beyond this requirement and those established by Statute or the Board, the University does not have a policy that specifically addresses custodial credit risk. The Station's investments are pooled with the ASU Foundation's investments. As of June 30, 2014 and 2013, \$111,318 and \$99,193, respectively, of the Station's investments are exposed to custodial credit risk in that separate pertinent identifying information has not been obtained from the ASU Foundation.

Foreign Currency Risk

Operating funds may not be invested in international securities.

NOTE 5 OPERATING LEASE

The Station subleases transmission facilities for a monthly rental charge subject to increases by positive percentage increases of the National All Items, All Urban Consumer Price Index calculated by the United States Government Bureau of Labor Statistics. The operating lease was renewed in 2011 for a term of five years and will expire on June 30, 2016.

Rental expense totaled \$95,723 and \$154,347 for the years ended June 30, 2014 and 2013, respectively. In the normal course of business, operating leases are generally renewed or replaced by other leases.

KAET-TV
(A Department of Arizona State University)
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014 AND 2013

NOTE 6 SPLIT INTEREST AGREEMENTS

The Station is the beneficiary of six charitable remainder trusts directed to the ASU Foundation. The charitable remainder trusts provide for the payment of distributions to the grantor or other designated beneficiaries over the trust's term (usually the designated beneficiary's lifetime). At the end of the trust's term, the remaining assets are available for the Station's use. The portion of the trust attributable to the present value of the future benefits to be received by the Station is recorded as a contribution in the period the trust is established. Investments held in the charitable remainder trusts are reported at fair value. On an annual basis, the Station revalues the liability to make distributions to the designated beneficiaries based on actuarial assumptions. Adjustments to reflect the valuation of the present value of the estimated annuity payments and changes in actuarial assumptions are recognized in the statements of revenues, expenses and changes in net position as other gifts and non-operating revenue. The present value of the estimated annuity payments is calculated using discount rates of 2.2% and 1.2% as of June 30, 2014 and 2013, respectively.

NOTE 7 TRANSACTIONS WITH AFFILIATED ENTITIES

The Station received indirect support from the University of \$1,885,116 in 2014 and \$1,484,112 in 2013 based upon the methodology developed by the Corporation for Public Broadcasting. The Station also received state appropriations for operating, personal services and employee-related reimbursements from the University of \$286,571 and \$305,667 in 2014 and 2013, respectively, all of which are reported as an increase in unrestricted net position. The Station operates out of a building owned by ASU and does not pay rent.

NOTE 8 COMMITMENTS

In 1992, the Station entered into a joint agreement with Maricopa Community Colleges to operate a classical FM radio station, KBAQ, which commenced operations in 1993. For the years ended June 30, 2014 and 2013, KBAQ recognized \$72,024 and \$49,781, respectively, in revenue, which is recorded as grants and contracts. In addition, the Station contributed \$294,563 in 2014 and \$257,450 in 2013 to fund KBAQ operations for the years then ended. These funds are recorded in programmatic expenditures.

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014 AND 2013

NOTE 9 RETIREMENT PLAN

Full-time, permanent employees of the University are, in general, required to be members of an authorized retirement program. The programs are funded through payroll deductions from covered employees' gross earnings and amounts contributed by the University. In general, employees' rights vest after five years of service under all plans. University contributions of, and interest forfeited by, employees who leave employment before five years of service are used to reduce the University's future period contribution requirements.

Benefit eligible employees of the University are covered by the Arizona State Retirement System (ASRS), a defined benefit retirement plan. The ASRS is a multiple-employer, cost-sharing pension plan providing death and retirement benefits based on a combination of years of service and average monthly earnings, as defined. The ASRS issues a publicly available financial report that includes its financial statements and required supplementary information.

The actuarially determined contributions rate as required by statute for both employees and employers was 11.54 percent of compensation for fiscal year 2014, comprised of 11.30 percent for retirement and .24 percent for long-term disability. The actuarially determined contributions rates, as required by statute for both employees and employers was 11.14 percent of compensation for fiscal year 2013, comprised of 10.90 percent for retirement and .24 percent for long-term disability. The Station's retirement plan expense for this plan was \$258,906 in 2014 and \$244,938 in 2013.

The University also offers pension benefits for eligible faculty, academic professionals, certain university staff, and administrative staff via a defined contribution plan. The benefits of the defined contribution plan depend solely on amounts contributed to the plan plus investment earnings. State statute requires that both the employee and the University contribute an amount equal to 7 percent of the employee's base salary. The Station's retirement plan expense for this plan was \$68,911 in 2014 and \$73,407 in 2013.

NOTE 10 CONTINGENCY

The Station had a negative change in net position for the years ended June 30, 2014 and 2013. By statute, the Station is not allowed to execute debt agreements with outside third parties. In the event the Station has a shortfall covering its operating expenses, it is anticipated that the University would work with the Station to develop a repayment plan to cover the deficit.

NOTE 11 SUBSEQUENT EVENTS

Management evaluated subsequent events through October 31, 2014, the date the financial statements were available to be issued. Events or transactions occurring after June 30, 2014, but prior to October 31, 2014, that provided additional evidence about conditions that existed at June 30, 2014, have been recognized in the financial statements for the year ended June 30, 2014. Events or transactions that provided evidence about conditions that did not exist at June 30, 2014, but arose before the financial statements were available to be issued have not been recognized in the financial statements for the year ended June 30, 2014.
